

# Canada Visa Physical Examination

## Items to bring

- 1) Original Valid passport
- 2) "MEDICAL REPORT- CLIENT BIODATA AND SUMMARY" from Canadian Immigration and Citizenship (CIC). (Not required for "upfront medical" applicants applying under the category of student/ visitor/ worker.)
- 3) Pregnant or possibly pregnant applicants a document to certify your pregnancy (please inform our staff when making your appointment. You must undergo a chest x-ray to complete this physical exam. The pelvic area will be protected. Please consult your obstetrician if you have any concerns.)
- 4) Applicants with a serious medical condition should bring detailed information regarding past treatment and/or prognosis.
- 5) "Mother and Child's book" (if available) for children 6 years old and under.
- 6) Glasses or contact lenses (if worn). Corrected vision must be better than 0.5, 20/40 or 6/12 in the better eye.

## Precautions

- Fasting is not required, and a photo will be taken at our clinic.
- **Female applicants:** please avoid coming in during menstruation, as urine samples cannot be collected. If you are menstruating on the day of your appointment, you will have to come back to do the urine test after your period has completely finished.
- **Applicants with High Blood Pressure:** Your blood pressure should be controlled with medicine.
- **Please confirm with your visa office/ agent if you been issued an IME or UCI number from CIC, or if it is an "upfront medical" before scheduling your appointment (See ["Canadian Visa Health Examination Appointment Flow Chart"](#), Figure 1)**
- **Health examinations for Canadian Visa applicants from Japan are processed using the E-medical system. Cases are accessed in the E-medical system by CIC and designated medical facilities using identity/case numbers called IME/ UCI/ or UMI numbers. These individual accounts are created in the system either by CIC or a designated medical facility. Applicants who have already started their visa application process are issued an IME or UCI number by CIC. Those who have not started their application process and applying under a visa category of Worker, Visitor, Student (not Family Class) may undergo an Upfront Medical. Please note that these are the only 3 categories from which to choose from, and listed in the system for Upfront Medicals. Applicants undergoing Upfront Medicals should know under which category their case should be entered in the system. If you are not sure, please confirm what your visa category is before making an appointment. Please refer to the ["Canadian Visa Health Examination Appointment Flow Chart" \(Figure 1\)](#), and contact our office when you are sure of your visa category.**
- **Family Class refers to those whose spouse/ partner/ family member is a Canadian citizen or naturalized citizen of Canada, and sponsoring the applicant. Family Class does not apply to family sponsorship by a spouse or family member who is not a citizen/ naturalized citizen of Canada; families of foreign citizenship immigrating to Canada as a family; or family members of someone already living in Canada.**

## Test requirements and costs

Please be aware that **the consumption tax is NOT included** in the cost below.

Consumption tax will be added at the time of payment. All units of one yen will be rounded up by 10 yen.
