Precautions

- Fasting is not required for this examination.
- Photos will be taken on site.
- The examination will take approximately 2 hours.
- **Female applicants** may undergo the medical during menstruation.
- **Applicants with High Blood Pressure:** Your blood pressure should be controlled with medicine.
- **Please confirm with your visa office/ agent if you been issued an IME or UCI number from CIC, or if it is an "upfront medical" before scheduling your appointment (See ["Canadian Visa Health Examination Appointment Flow Chart", Figure 1](#))**
- Health examinations for Canadian Visa applicants from Japan are processed using the E-medical system. Cases are accessed in the E-medical system by CIC and designated medical facilities using identity/case numbers called IME/ UCI/ or UMI numbers. These individual accounts are created in the system either by CIC or a designated medical facility. Applicants who have already started their visa application process are issued an IME or UCI number by CIC. Those who have not started their application process and applying under a visa category of Worker, Visitor, Student (not Family Class) may undergo an Upfront Medical. Please note that these are the only 3 categories from which to choose from, and listed in the system for Upfront Medicals. Applicants undergoing Upfront Medicals should know under which category their case should be entered in the system. If you are not sure, please confirm what your visa category is before making an appointment. Please refer to the ["Canadian Visa Health Examination Appointment Flow Chart" \(Figure 1\)](#), and contact our office when you are sure of your visa category.
- Family Class refers to those whose spouse/ partner/ family member is a Canadian citizen or naturalized citizen of Canada, and sponsoring the applicant. Family Class does not apply to family sponsorship by a spouse or family member who is not a citizen/ naturalized citizen of Canada; families of foreign citizenship immigrating to Canada as a family; or family members of someone already living in Canada.
- **Regarding Polio Virus:** Due to the on-going risk of polio transmission, clients who have lived in certain countries for 4 weeks or more are required to show proof of polio vaccination within the last 12 months. If no vaccination records are available, polio vaccination will be given at the time of examination.
- **When taking the chest x-ray:** You will be asked to remove clothing covering the upper body (including shirts/ undershirts/ bras/ tank tops, etc.) before taking the chest x-ray. Please avoid wearing clothing that cannot be taken off quickly such as dresses/ overalls/ jumpsuits/ bodysuits, etc.
